

Stark

- Media center sheet rocking and re-caulking
 - Project to bid out combined with work at Newfield, Hart, and Stark
- Installed temporary flashing on all windows. Further temporary work will be performed this summer to prevent water intrusion
- More extensive long term exterior brick envelope project being planned for next summer.
 - Involves replacing windows and disposing of PCBs.
 - A/E firm still determining extent of repairs needed.
 - Building envelope study to be performed by Silver Pettrucelli at Stark, Hart and Toquam.
- Waterproofing of planters to be done this summer. Drains will also be installed so water does not pool up in planters. Will receive full plan details from Silver Pettrucelli shortly.
