Clinics.

7. Education provided to the Clients and Medical Community

Changes to TB 7/2012 - 10/2013

1. Pedi Clinic changed from Fridays to Wednesdays
2. 12 dose therapy / 3HRP for latent cases instituted.
3. Obstetrics (OB) referral system changed Breastfeeding mothers with latent TB, three (3) months post-partum, are receiving medications.
4. TB clients referred to SHD / HIV Prevention Staff

12 Dose Therapy / 3HRP

1. In Connecticut, 175 TB clients started 3 HRP therapy, 97 clients completed.
2. 85% of those receiving 3HRP have private providers.
3. Stamford started 9 clients on 3HRP therapy, 6 completed, 2 remain on therapy, 1 client discontinued due to side effects.

OB Referral System

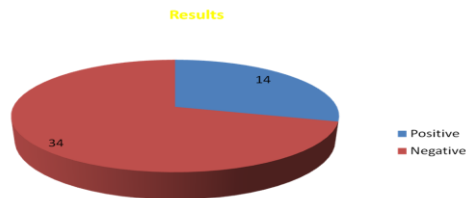

1. Receive referrals for positive Tuberculin Skin Test (TST), (Chest X-ray done; sent for QuantiFERON-TB Gold / QFT)
2. If positive QFT, contact by mail
3. Appointment at office
4. Appointment at clinic

Health Commission City of Stamford APPROVED MINUTES November 14, 2013

Health Commission Initiative

- 11/11 "Promoting a Tuberculosis Free Community: One Referral at a Time" Presented to Health Commission
- 12/11 Meeting with Dr. Barbara Decker and Pat Parry, RN - Health Commissioner
- 2/12 Meeting with Pat Parry, Dr. Parry, Dr. Sachs, Dr. Bobby, Marie Yukna
- 9/12 QFT testing referral begun at Stamford Hospital

Additional Educational Opportunities

1. Mentored student from Western University of Health Sciences, College of Graduate Nursing A.D.N. to MSN Program.
2. Mentored 3 student interns, from Norwalk Community College, Associates Nursing Degree Program.
3. Attended American Thoracic Society International Meeting, Phil., PA.
4. Attended Yale's AIDS Colloquium featuring Kenneth Castro, Director of Division of TB Elimination for CDC at the time.

Going Forward 2014

1. Perform QFT first, not TST, starting with Pregnancy patients. Send clients to Stamford Hospital, depending upon State funding.
2. Due to TST shortage add QFT testing to Chest X-ray form. Stamford hospital draws bloods and send to State for free testing.
3. Evaluate moving Friday Adult TB clinic to Wednesday.

Conclusion

1. Wednesday Pedi TB clinic effective.
2. 3HRP therapy has proven successful.
3. Continue QFT testing on Pregnant women.
4. Due to QFT testing, 100% of pregnant women have been contacted, 57% started on TB treatment.

Old Business

<p>Community Needs Assessment -Mental Health and Specialty Care</p>	<p>Dr. Decker requested that in Director Fountain's absence, the Health Commission tabled this topic until the December meeting.</p>	<p>Dr. Decker will send Director Fountain a note asking for the results of the final report of the Community Needs Assessment.</p>
<p>Health Commission Sponsored -Presentation on Health Insurance</p>	<p>Dr. Decker commented about the plans of the Health Commission sponsoring an informational talk on Affordable Care Act. She stated, two weeks after the last Health Commission meeting, two members of the Health Commission withdrew their support out of concern regarding the agenda. After discussion with other community programs and the speakers, the talk was</p>

New Business

Traffic Enforcement (Director Jankowski)	<p>Dr. Decker commented on the Article in <i>Stamford Advocate</i> regarding traffic enforcement crackdown on speeders.</p> <p>Director Jankowski responded with the new traffic enforcement unit, within a two week period they have issued over 500 violations for speeding, passing stop signs, seat belts and other moving violations.</p>	Director Jankowski will forward to the Health Commissioners, the stats from the traffic enforcement unit first two-weeks.
<p>Review of Health Commission Statutes</p> <p>-Proper Focus of the Health Commission</p> <p>-Introduction of New Health Commissioner</p>	<p>Dr. Decker thought - since the Health Commission has a new member it would be an appropriate time to review the Statutes for the Health Commission and come to a consensus as to what the functions of the commission are.</p> <p>Dr. Decker read from the Statutes, the main function of the Health Commission is to “Serve as an advisory body to the Director of Health regarding health policy issues for the City.”</p> <p>The Commissioners had an extended discussion regarding the role of the Health Commission. All agreed that the Health Commission should participate in educating the public and work with the Health Director and other City entities.</p> <p>Ms. Parry suggested that the Health Commission have a formal process for making recommendations.</p> <p>Dr. Schuster suggested that the Health Commission come up with ideas that make people healthier, come up with funding for these ideas and then go to the Mayor and the Director of Health with our ideas and funding for the idea. As an example, Dr. Schuster</p>	Ms. Parry will forward a copy of a memo that she wrote years ago, proposing a process for the Health Commission to do what they are tasked to do: come up with recommendation and advice.

	spoke about funding that he has already secured and granted to Ferguson Library for children health. The Commissioners asked if there was anything they could do to assist the Library.	Dr. Schuster will contact Ernie DiMattia at the Library to see if he would like recommendations regarding materials to be purchased using these funds.
Polio Outbreak in Syria	Ms. Parry asked if the Polio outbreak in Syria is having an impact in our schools. Ms. Anspach stated that there should not be an impact since vaccinations are a requirement for students.	
Breastfeeding – new proposal in England	Ms. Parry commented, England is proposing to pay women to breastfeed.
