**Appeal:**

Decision rendering on Massage Parlor Hearing of June 13, 2013	Discussion as whether or not all appeals could be decided at once. Since all orders were the same for tenants, owners and workers, it was decided that the decision will be rendered simultaneously. It was felt by the commission members that the ordinances were cited correctly and therefore the orders should be upheld.	Having not been present at the hearing, Dr. Decker recused herself from the decision rendering.  Ms. Parry moved that the orders be upheld and Dr. Cobb seconded the motion. Motion passed unanimously.
