Second D. Martin Mr. Abbazia called the meeting to order at 6:30 PM & asked Mr.

> Orgera to explain this appropriation request. Mr. Orgera noted that City Engineer Lou Casolo would present. Mr. Casolo noted that this was a damaged seawall, determined to be the City's responsibility, that had to re repaired by April 10 according to FEMA, and they wanted to accomplish this prior to people visiting the area. > existing condition. The Board then acted to approve this item by

unanimous vote.
