

PETITION

To: Zoning Board of the City of Stamford

We, the undersigned owners of the property within the city of Stamford affected by the approved as modified regulations, Application 221-20, known as Omnibus text change to amend section 9.G (C-D Design Commercial Districts) do hereby oppose and protest against the text amendment approved by the Zoning Board.

The Zoning Board promulgated regulations inconsistent with the Master Plan. The Master Plan provides for the preservation and enhancement of Stamford's low and medium low density residential neighborhoods and the preservation of the existing land use character to protect neighborhood stability and protect property values. The proposed text changes would permit levels of development, uses and density that would exceed, be incompatible with and be out of character with the surrounding residential neighborhoods.

Contrary to the Master Plan, The Zoning Board and the staff have failed to support and encourage neighborhood generated participation in the creation of these regulations.

The Zoning Board promulgated regulations inconsistent with the Master Plan. The Master Plan provides for the preservation and enhancement of Stamford's low and medium low density residential neighborhoods and the preservation of the existing land use character to protect neighborhood stability and protect property values. The proposed text changes would permit levels of development, uses and density that would exceed, be incompatible with and be out of character with the surrounding residential neighborhoods.

Contrary to the Master Plan, The Zoning Board and the staff have failed to support and encourage neighborhood generated participation in the creation of these regulations.

PETITION

To: Zoning Board of the City of Stamford

We, the undersigned owners of the property within the city of Stamford affected by the approved as modified regulations, Application 221-20, known as Omnibus text change to amend section 9.G (C-D Design Commercial Districts) do hereby oppose and protest against the text amendment approved by the Zoning Board.

The Zoning Board promulgated regulations inconsistent with the Master Plan. The Master Plan provides for the preservation and enhancement of Stamford's low and medium low density residential neighborhoods and the preservation of the existing land use character to protect neighborhood stability and protect property values. The proposed text changes would permit levels of development, uses and density that would exceed, be incompatible with and be out of character with the surrounding residential neighborhoods.

Contrary to the Master Plan, The Zoning Board and the staff have failed to support and encourage neighborhood generated participation in the creation of these regulations.
