

	STAMFORD POLICE DEPARTMENT  POLICY AND PROCEDURE GENERAL ORDER	Distribution	General Order Number
		ALL PERSONNEL	<b>3.01</b>
		Original Issue Date	Reissue Date
		<b>08/17/21</b>	<b>10/25/21</b>
Order Title:  <b>USE OF FORCE – GENERAL</b>		Accreditation Standard:	Section
		POSTC 1.14.1, 1.14.2, 1.14.3, 1.14.4, 1.14.7	3
		Section Title <b>RULES OF CONDUCT</b>	
Rescinds: 6.18, 6.20		<b>Timothy Shaw, Chief of Police</b>	

*This General Order is for departmental use only and does not apply in any criminal or civil proceeding. This General Order should not be construed as creation of a higher legal standard of safety or care in an evidentiary sense with respect to third party claims. Violations of this General Order will only form the basis for departmental administrative sanctions. Violations of law will form the basis for civil and criminal sanctions in a recognized judicial setting*

## I. PURPOSE

To establish Stamford Police Department's guidelines concerning the appropriate and acceptable use of deadly and non-deadly force.

## II. POLICY

It is the policy of the Stamford Police Department ("Department") to provide clear procedures to sworn officers regarding the use of force in the performance of their duties. The safety of innocent persons and officers is of paramount importance.

The main responsibility of Department officers is to protect the life and property of civilians. In compliance with applicable law, officers shall use only the amount of force necessary and reasonable to accomplish lawful objectives and to control a situation, effect an arrest, overcome resistance to arrest, or defend themselves or others from harm. Officers should be mindful of their body language and tone of voice upon arrival at a scene and throughout their interaction with subjects, complainants, and witnesses. When force is necessary, the degree of force employed should be in direct relationship to the amount of resistance exerted, or the immediate threat to the officers or others. There is a compelling public interest that officers authorized to exercise the use of force do so in an objectively reasonable manner and in a way that does not violate the civil rights guaranteed by our Constitution and applicable law. While not an actual use of force, the mere presence of a police officer can be intimidating to some. Therefore, officers should be mindful of their body language and tone of voice upon arrival at a scene and throughout their interaction with subjects, complainants, and witnesses. Officers who use excessive or unjustified force degrade the confidence of the community that they serve, undermine the legitimacy of a police officer's authority, and hinder the Department's ability to provide effective law enforcement services to the community.

Officers who use excessive or unauthorized force shall be subject to discipline, possible criminal prosecution, and/or civil liability. The use of force is only authorized when it is objectively reasonable and for a lawful purpose. Accordingly, the Department will thoroughly review and/or investigate all uses of force by officers to assure compliance with all legal requirements and this policy.

### III. DEFINITIONS

Actively Resisting: When a subject makes physically evasive movements to interfere with an officer's attempt to control that subject; including bracing, tensing, pulling away, actual or attempted flight, or pushing.

Acting in a Law Enforcement Capacity: Any on or off-duty police officer who identifies themselves as such and asserts their law enforcement authority.

Authorized Weapons: Weapons that meet Department specifications and officers are permitted to carry; and for which officers successfully complete proficiency and safety training.

Critical Firearm Discharge: A discharge of a firearm by a Stamford Police Department officer to the extent such discharges are authorized under this policy (See General Order, 3.07, Firearms Policy.) Range and training discharges, and discharges at animals are not included under this definition.

Deadly Force: Any physical force that can reasonably be expected to cause death or serious physical injury. Officers must understand that deadly physical force is an extreme measure and should only be used in accordance with the law and as stated in this policy and other policies governing the use of force.

De-escalation: A decrease in the severity of force used in an incident in direct response to a decrease in the level of resistance. De-Escalation is also a tactic designed to place officers in a position of advantage when dealing with irrational, unpredictable, or suicidal persons.

Electronic Control Weapon: An incapacitating weapon used for subduing a person by administering an electric shock for the purpose of disrupting superficial voluntary muscle functions. This is an intermediate-range weapon and is classified as non-deadly.

Exigent Circumstances: Those circumstances that would cause a reasonable person to believe that a particular action is necessary to prevent physical harm to an individual, the destruction of relevant evidence, the escape of a suspect, or some other consequence improperly frustrating legitimate law enforcement efforts.

Force: Any physical strike or instrumental contact with a person; any intentional attempted physical strike or instrumental contact that does not take effect; or any significant physical contact that restricts the movement of a person. The term includes the discharge of a firearm, or pointing a firearm at or in the direction of a human being, use of chemical spray, use of impact weapons, use of electronic control weapons (ECW), chokeholds or hard hands, taking of a

subject to the ground, or the deployment of a canine. The term does not include escorting or handcuffing a person with minimal or no resistance. Use of force is lawful if it is **objectively reasonable** under the circumstances to effect an arrest, or protect the officer or other person .

Great Bodily Harm/Serious Physical Injury: Serious bodily injury that creates a substantial risk of death, causes serious or permanent disfigurement, or results in long-term loss or impairment of the functioning of any bodily member or organ.

Hard Hand Control: Impact oriented techniques that include knee strikes, elbow strikes, punches, and kicks. Control strikes are used to subdue a subject and include strikes to pressure points such as: the common peroneal (side of the leg), radial nerve (top of the forearm), or brachial plexus origin (side of neck).

- The use of neck restraints, chokeholds, or other similar weaponless control techniques are prohibited unless the use of deadly force is authorized.

Imminent Threat: An officer's reasonable perception of impending danger, death, or serious injury from any action or outcome that may occur during an encounter. A subject may pose an imminent or impending threat even if he or she is not pointing a weapon at the officer but has, for example, a weapon within reach, is running for cover carrying a weapon, or running to a place where the officer has reason to believe a weapon is available.

Impact Weapons: Department-approved tools that provide a method for gaining control of a subject when lethal force is not justified, but when empty-hand control techniques are not sufficient to effect control.

Last Resort: A final course of action, used only when other reasonable options are unavailable.

Level of Control: The amount of force that an officer uses to gain control over a subject.

Level of Resistance: The amount of force used by a subject to resist compliance with the lawful order or action of an officer.

Mitigation: The action of reducing the danger, severity, seriousness, or potential harmfulness of a condition or circumstance.

Necessary: An action chosen when, in an officer's judgement, no effective alternative exists.

Neck Restraint/Hold: Refers to one of the following types of holds: (a) arm-bar control hold, which inhibits breathing by compression of the airway on the neck; (b) carotid restraint hold, which inhibits blood flow by compression of the blood vessels in the neck; (c) a lateral vascular neck constraint; (d) a hold with a knee or other object to the back of a prone subject's neck. A neck restraint/hold shall be considered deadly force.

Non-deadly: Any force used by an officer that would not reasonably be expected to cause death.

Non-Verbal and Verbal Non-Compliance: When a subject expresses his/her intentions not to comply with an officer's directive through verbal and non-verbal means. An officer may encounter statements ranging from pleading to physical threats. Such statements may also include physical gestures, stances, and subconscious mannerisms.

Objectively Reasonable Force: The degree of force used in effecting an arrest, investigatory stop, or other seizure is evaluated by using an objective, reasonable police officer standard. The reasonableness of each particular use of force will be judged from the perspective of a reasonable officer on the scene, based on the facts and circumstances known to and confronting the officer at the time. (See, Graham v. Connor, 490 US 388 (1989).

Officer Created Jeopardy: Situations where officers needlessly put themselves in a position where they must use deadly force to protect themselves.

Oleoresin Capsicum (OC) Spray: An inflammatory agent that irritates the mucus membranes and eyes to cause tears and pain. It is an intermediate range weapon that is classified as being non-deadly.

Passive Resistance: When a subject does not cooperate with an officer's commands, but does not take action to prevent being taken into custody. For example, a protestor who lies down in front of a doorway and must be carried away upon arrest.

Police Officer: As used in this policy, means any Connecticut "peace officer," as defined in C.G.S. § 53a-3.

Positional Asphyxia: A condition where the supply of oxygen to a person's body is deficient because their body position prevents them from breathing adequately, usually as a result of an airway obstruction or limitation in chest wall expansion.

Proportional Force: Force that is reasonably necessary to overcome the level of resistance, aggression, or threat an officer confronts.

Reasonable Belief: Facts or circumstances that would cause a reasonable, similarly-trained police officer to act or think in a similar manner, under similar circumstances.

Reasonable belief that a person has committed an offense: A reasonable belief in facts or circumstances which if true would in law constitute an offense. If the facts or circumstances would not legally constitute an offense, an incorrect belief that they do, even if reasonable, does not justify the use of physical force.

Soft Hand Control: The use of physical strength and skill in defensive tactics to control arrestees who are reluctant to be taken into custody and offer some degree of physical resistance.

Unreasonable Force: Any force applied in a manner inconsistent with this policy or applicable law.

Unreasonable Risk: Unwarranted exposure to the possibility of a negative consequence.

Verbal Commands: The use of advice, persuasion, warnings, and or clear directions prior to resorting to actual physical force.

#### IV. PROCEDURES

##### A. General

1. Officers shall use advisements, warnings, verbal persuasion, and verbal instructions when possible before resorting to force.
2. Force shall be de-escalated immediately as resistance decreases.
3. When feasible based on the circumstances, officers will use disengagements; area containment; surveillance; waiting on a subject; summoning reinforcements; and/or calling in specialized units, in order to reduce the need for force and thereby increase officer, suspect and civilian safety.
4. Officers shall allow individuals time to submit to arrest before force is used, wherever possible.

##### B. Use of Force Authorization and Limitations

Officers of the Department are authorized to use only the amount of force necessary to accomplish lawful objectives. Force may be used:

1. To effect an arrest or prevent the escape from custody of a person whom the officer reasonably believes has committed an offense.
2. To defend the officer or others from the use, or imminent use, of physical force.
3. To take persons into protective custody when authorized by law, such as persons who are a danger to themselves or others, persons incapacitated by alcohol, and/or runaway children.
4. To prevent someone from committing suicide or inflicting serious physical injury upon themselves.
5. To assist a licensed physician or psychologist in providing necessary medical treatment.
6. To control a situation, and to overcome passive or active resistance to a lawful order.
7. To neutralize an unlawful assault and defend themselves or others from harm.

The authorized use of physical force ends when resistance ceases and/or the officer has accomplished the purpose necessitating the use of force. Justification for the use of force is limited to the facts known or perceived by the officer at the time such force

is used, including levels of resistance, suspect's behavioral cues, the number of officers and/or offenders present, and the availability of other options.

Force shall never be used to subject a person to torture and/or other cruel, inhumane or degrading treatment or punishment.

All sworn personnel shall receive in-service training on all Department use of force policies.

#### C. Verbal Warning

When tactically feasible, an officer will identify him/herself as a police officer and issue verbal commands and warnings prior to the use of force. When feasible, an officer will allow the subject an opportunity to comply with the officer's verbal commands. A verbal warning is not required in circumstances where the officer has to make a split second decision, or if the officer reasonably believes that issuing the warning would place the safety of the officer or others in jeopardy.

#### D. Use of Deadly Force in Defense of Human Life

An officer is justified in using deadly physical force only when he or she reasonably believes such force is necessary to:

1. Defend the officer, or a third person, from the imminent threat of death or serious bodily injury.
2. Effect an arrest or prevent the escape from custody of a person whom they reasonably believe has committed, or attempted to commit a felony involving the infliction or threatened infliction of serious physical injury; the officer reasonably believes this person still poses a significant threat of death or serious physical injury to the officer or other persons; the officer has determined there are no available reasonable alternatives to the use of deadly force; and the officer believes that the use of deadly force creates no unreasonable risk of injury to another person. Where feasible, the officer should give warning as cited in the Garner case (Example: "Police Officer, Halt").
  - a. The officer has determined there are no available reasonable alternatives to the use of deadly force and
  - b. The officer believes that the use of deadly force creates no unreasonable risk of injury to any other person.

*See, Tennessee v. Garner*, 471 U.S.1, (1985.): The United States Supreme Court ruled that the use of deadly force to prevent the escape of a suspected felon violates the Fourth Amendment prohibition against unreasonable seizure if used against an apparently unarmed, non-violent suspect (the case involved a burglary suspect). The

Supreme Court further stated that deadly force may be used against an offender who has attempted or committed an offense involving the infliction or threatened infliction of great bodily harm. Deadly force may not be used against an unarmed, non-violent, property crime offender. The United States Supreme Court decision went on to state that when an officer is justified in the use of deadly force he will, if feasible, first give a verbal warning. (Example: "Police Officer, Halt").

#### E. Deadly Force Restrictions

Prohibitions on use of deadly force include:

- Deadly force may not be used against any person for the purpose of protecting property.
- Deadly force may not be used against any person who poses a threat only to themselves.

The discharge of a firearm is prohibited in the following circumstances:

- In the defense of property
- To summon assistance, except in an emergency and no other reasonable means is available.

##### 1. Warning Shots Prohibited

Officers are prohibited from discharging their firearms as a means of warning or frightening a person.

##### 2. Shooting at or from Moving Vehicles

Officers are prohibited from discharging their firearms at or from a moving vehicle, motorcycle, or bicycle (collectively, "moving vehicle") unless officers reasonably believe deadly force is necessary to defend the officer or a third person from the use, or imminent use, of deadly force. For purposes of this policy, officers will not discharge their firearms at moving vehicles except under extreme circumstances. When confronted with an oncoming, moving vehicle, officers must attempt to move out of its path, when possible, and should generally avoid placing themselves in situations where the use of deadly force is more likely.

##### 3. Risk to Innocent Bystanders

When officers are about to discharge their firearms they should be aware of their field of fire, including the backdrop, so as to avoid creating an unnecessary, substantial risk of harm to innocent persons. Officers are prohibited from discharging their firearms when, based on the totality of the circumstances, discharging a firearm would constitute a greater risk to innocent human life than the subject's actions.

4. Pointing Weapons

Officers are prohibited from drawing and pointing their firearms at or in the direction of a person, absent an objectively reasonable determination that the situation may escalate to the point where deadly force would be authorized under this policy. When it is determined that the use of deadly force is not necessary, officers shall, as soon as practicable, secure or holster their firearms. It is the rule of this Department that drawing a firearm and pointing it at a target is considered a use of force and must be documented as such.

5. Use of Firearm to Destroy Animals

Officers may use deadly force against an animal that represents a threat to the officer or to public safety. Whenever possible, officers should seek the permission of their supervisor prior to using deadly force against a dangerous animal.

Deadly force may also be used as a humanitarian measure, where an animal is seriously injured, and humaneness demands its immediate removal from further suffering. Officers should seek the authorization of their supervisor and, whenever practical, authorization from the animal's owner.

6. Use of Department Weapons for Training and Other Purposes

Officers may discharge their firearms for the purpose of practice or firearms training, when on the police range or other established shooting ranges, or when authorized by the Chief of Police to participate in law enforcement competition events.

7. Security, Storage, and Safe Handling of Firearms

Officers shall be trained in accordance with Department guidelines, and shall obey all safety rules when handling any firearm or any other weapon. No person other than Stamford Police Department Officers shall be permitted access to any Department-owned firearm, with the exception of police officers from other jurisdictions in the official performance of their duty; for repair or maintenance as approved by the Department; or other circumstances with the express permission of the Chief of Police.

Officers will secure and store firearms, both on and off duty, in such a way as to ensure that no unauthorized person will have access to or gain control over the firearm. All Department firearms kept at home must be secured in a safe place inaccessible to family members, especially children.

Whenever an officer is in the Department and removes his/her handgun or other weapon, the item must not be left in the open and must be secured so that it is not readily accessible to civilians, suspects, victims, or witnesses.

#### F. Use of Non-deadly Force

Officers shall only use weapons and control techniques that are issued and/or approved for use by the Department. The use of Non-deadly force shall be limited to defensive and control purposes. Officers shall use only the reasonable amount of force necessary to overcome resistance or accomplish the police task. The use of Non-deadly force shall conform to applicable Department Standards of Conduct, policies, procedures, and training. Officers shall not carry any Non-deadly weapons, or employ any Non-deadly techniques, prior to successfully completing the relevant Department-approved training for each weapon or technique.

##### 1. Authorization to Use Non-deadly Force

Officers are authorized to use Department approved, Non-deadly force techniques and authorized weapons to:

- a. Prevent the escape from custody, or to effect a lawful arrest, of a person whom the officer reasonably believes has committed an offense; or
- b. Protect or defend the officer or others from what he/she reasonably believes to be active resistance while effecting or attempting to effect an arrest, or while preventing or attempting to prevent an escape.

*NOTE: Nothing in this policy is intended to discourage officers from using a higher level of force whenever such force is necessary and objectively reasonable under the circumstances.*

##### 2. Non-deadly Force Restrictions

The following tactics of Non-deadly force may be permitted in circumstances only when deadly force is authorized by this policy:

- a. The intentional use of a chokehold or other method of restraint applied to the neck area of another person is prohibited, unless the use of deadly force is authorized. This includes, but is not limited to: (1) arm bar hold; (2) carotid artery hold; (3) lateral vascular neck restraint; and (4) neck restraint or hold with a knee or other object;

- b. Any strike with an impact weapon or object to a person's head or neck; and/or
- c. Any use of flashlights, radios, or any other items not issued or trained specifically as defensive weapons.

In limited circumstances when a confrontation escalates suddenly and unpredictably, an officer may use any means or device at hand such as a flashlight, radio, and other issued equipment, to defend themselves, another person, or to bring a situation under control. This decision should be based on the circumstances surrounding the officer at the time, if the officer determines it was reasonably necessary to do so, as long as the level of defensive action is objectively reasonable given the existing circumstances.

- d. Force shall not be used against persons in handcuffs, except as objectively reasonable to prevent imminent bodily harm to the officer or another person or persons, to prevent attempted escape, or, as objectively reasonable, where physical removal is necessary to overcome passive resistance.

### 3. Duty to Intervene

- a. An officer who directly observes an unreasonable, excessive, or illegal use of force, in violation of the Department's use of force policy and/or state or federal law, shall:
  - 1) act to intervene and stop the use of force by another officer; and
  - 2) contact a supervisor as soon as practical.
- b. An officer who has knowledge of excessive, unreasonable, or illegal use of force against a person shall:
  - 1) notify a supervisor; and
  - 2) submit a written incident report that thoroughly explains how force was used to a supervisor in a timely fashion.
- c. Retaliation against any officer who intervenes against excessive use of force, reports misconduct, or cooperates in an internal investigation is prohibited.
- d. These requirements do not apply to officers acting in an undercover capacity if intervening will significantly compromise their safety or the safety of another.

- e. In rare cases, exigent circumstances may prevent an officer from complying with these requirements. For example:
  - 1) An officer may be engaged in a simultaneous attempt to apprehend another person.
  - 2) An officer may be actively engaged in rendering aid to a seriously injured person.
  - 3) An officer may be separated by space, elevation, physical barriers, terrain, or other hazards or impediments that prevent access necessary to intervene.
- f. If circumstances prevent or impede effective intervention, these circumstances shall be promptly reported and documented.

#### 4. De-escalation and Mitigation

Officers should use force as a last resort and employ de-escalation and mitigation techniques to the greatest extent practicable. Officers are not required to delay taking protective measures that are immediately necessary or to place themselves or others at imminent risk of harm in order to attempt de-escalation, but they should consider the following options that might minimize or avoid the use of force:

- 1. Using a non-threatening, non-confrontational tone of voice
- 2. Listening carefully and expressing empathy
- 3. Slowing down the pace of an incident
- 4. Waiting to take action until the threat subsides
- 5. Placing space or barriers between the officer and a person
- 6. Permitting a person to move about
- 7. Permitting a person to ask questions or engage in conversation
- 8. Tactical repositioning or seeking cover
- 9. Requesting additional resources

De-escalation is most effective when done purposefully, with patience and flexibility. These techniques should only be employed when circumstances permit, and it is safe to do so.

## 5. Considerations for use of physical force

Before deciding to use physical force, an officer should consider the following:

- a. The immediacy of the threat
- b. The nature and severity of the crime and circumstances
- c. The nature and duration of actions taken by the subject
- d. Whether the subject is actively resisting custody
- e. Whether the subject is attempting to evade arrest by flight
- f. The number of subjects in comparison to number of officers
- g. The size and condition of the subject in comparison to the officer
- h. The age, health, and condition of the subject
- i. The subject's violent history, if known
- j. The presence of a hostile crowd or agitators
- k. Whether the subject is under the influence of drugs or alcohol to the extent it would affect their tolerance towards pain.

## 6. Positioning of Persons Under Officer's Control

Restrained persons shall be positioned so that breathing is not obstructed. Restrained persons should be maintained in a seated position or placed on Their side. Restrained persons should not be placed in a prone or other Position that increases the risk of positional asphyxia.

## 7. Impact Weapons

Authorized impact weapons may be used only when an officer is confronted with actual or imminent active aggression against him/herself or another person. (Refer to Policy 3.04 for specifics regarding the authorized use of an Impact Weapon.)

## 8. Oleoresin Capsicum (OC Spray)

Authorized OC spray is an alternative to physical control techniques and the use of other intermediate weapons. As with any other use of force, however, OC spray must not be used indiscriminately or without justification. Officers must be able to articulate the reason(s) the subject was sprayed with OC spray.

OC spray shall be utilized as issued and authorized to prevent injury to the subject(s), officers and others. (Refer to Policy 3.03 for specifics regarding the authorized use of an OC spray.)

## 9. Electronic Control Weapon

An Electronic Control Weapon (i.e., TASER®) is authorized for use when other Non-deadly options have been ineffective, or when it reasonably appears that such options will be ineffective in subduing the subject. Electronic Control Weapons shall only be used in situations where the subject is actively resisting or attempting to avoid arrest by escape and poses an imminent threat to the safety of him/herself, another person, or the officer. (Refer to Policy 3.02 for specifics regarding the authorized use of an electronic control device.)

## G. Training and Qualifications

In addition to training required for firearms qualification (Refer to the Firearms Policy 3.07), officers shall receive Department authorized training designed to simulate actual situations and conditions and, as otherwise necessary, to enhance officers' discretion and judgment in using deadly and Non-deadly force in accordance with this policy.

The Police Officer Standards and Training Council (POSTC) will oversee development and implementation of a single, standardized training curriculum to include lesson plans and presentation material regarding all aspects of this policy for the purposes of in-service or review training. To qualify for POSTC credit, Use of Force training must be delivered by a POSTC certified Use of Force instructor. The Department may elect to offer additional training in any area of this policy, but such training may not supplant any portion of the POSTC approved training module. Any additional training offered must be delivered by a POSTC certified Use of Force instructor using a POSTC approved lesson plan.

All Departments shall ensure that every peace officer bound by this policy completes all required POSTC Use of Force training prior to December 31, 2022 unless granted an extension by the DESPP/POSTC Academy Administrator. Thereafter, the Department shall ensure that every officer completes the POSTC recertification training module no less than once annually.

1. All training, including remedial training, will be documented.
2. All officers shall, at least annually, receive in-service training for all lethal weapons and training in the Department's Use of Force Policy and related case law updates. All officers qualified in the use of impact weapons, OC spray, electronic control weapons, and control techniques shall, at least every two years, re-qualify on such weapons or techniques under the instruction of a certified instructor.
3. Training and proficiency results for any authorized weapon will be documented in the training files. Officers must demonstrate proficiency with weapons in compliance with POSTC requirements.

4. All officers who fail to demonstrate the required proficiency with Department issued weapons shall receive remedial training. Remedial instruction for Department issued firearms shall follow the Department's Firearms Policy. (See Firearms Policy 3.07)
5. An officer failing to demonstrate proficiency with a weapon shall not return to duty with that weapon until such time as proficiency is demonstrated and documented.
6. Only officers demonstrating proficiency in the use of Department authorized weapons shall be approved to carry such weapons. (See Firearms Policy 3.07)

#### H. Provide Medical Aid

1. Any time a person has visible injuries or complains of being injured as a result of force used against him/her by an officer, the officer must take appropriate actions to provide medical care for the injured person. This includes providing first aid, requesting emergency medical services, and/or arranging for other transportation to a hospital or emergency medical facility.
2. Officers shall be trained in proper treatment procedures for persons exposed to chemical sprays and the effects of other less-lethal force. If the person is offered and/or refuses treatment, this refusal shall be recorded in the police report, along with all relevant information. In addition, the officer will also notify their supervisor as soon as practical. If warranted, the supervisor will arrange to have photographs taken of the person's injuries and those photographs will be submitted to the CSI Unit.
3. An EMS response shall be requested for any person subjected to the use of a firearm, impact weapon, impact projectile, CEW, oleoresin capsicum (OC spray), or K-9 apprehension. A supervisor shall be immediately notified of an EMS response initiated under these conditions.

#### I. Use of Force Reporting

The Department shall establish a use of force reporting system that allows for the effective review and analysis of all Department use of force incidents. The reporting system will help identify trends, improve training and officer safety, and provide timely and accurate information to the Department. Employees shall complete the appropriate Departmental *Use of Force Report Form* whenever they use force against a subject above un-resisted handcuffing. This includes the discharge of a firearm, or any action that results in or is alleged to have resulted in, injury to or the death of another person.

The Department shall document and maintain a record of any incident in which an officer reports or is aware of an unreasonable, excessive, or illegal use of force as specified in this policy. This record shall include, at a minimum, the name of the

officer (s) involved; the date, time, and location of the incident; a description of the circumstances; and the names of any victims and witnesses present, if known.

1. Officer's Responsibilities:

- a. When an officer finds it necessary to use force to affect an arrest, or for any other law enforcement purpose, whether on duty or off-duty, that officer shall:
  - 1) Notify a Supervisor of the incident as soon as circumstances allow.
  - 2) Complete a *Use of Force Report Form*, each officer involved in the use of force will make out their own form.

All Use of Force Reports must be completed and forwarded to the Shift Supervisor, or designee, as soon as practical after the incident. Sergeants will be held responsible to see that this form is completed prior to the Officer(s) leaving their tour of duty. However, when special circumstances exist, such as those incidents resulting in the death or serious injury of a person, the Chief of Police may grant an extension, on a case-by-case basis, and assign an alternate date and time for use of force reports to be completed and submitted.

2. Shift Supervisor's Responsibilities

- a. When a use of force incident occurs, the Shift Supervisor, or designee, has the primary responsibility to make certain that all necessary Use of Force Report Forms are properly completed, reviewed for accuracy, and submitted as required by officers under their command. The Supervisor will sign the use of force report and forward it to the Shift Commander along with copies of the supporting incident and supplement reports. The Shift Commander will then review the package and forward their findings to the A/C's of Patrol and Professional Standards.
- b. If the use of force involves an officer who did not report to a Patrol Supervisor at that time, the officer's Unit Supervisor shall review and sign the Supervisory portion of the report. Supervisors involved in a use of force incident will forward the *Use of Force Report Form* to the next level of command not involved in the incident.
- c. When an on-duty or off-duty employee has been involved in a use of force incident, which has resulted in death or serious injury to any person, the Shift Commander will immediately report the incident to the Chief of Police, via the chain of command. The Chief will then notify the State's Attorney Office. This also includes those cases where any firearm is accidentally or purposefully discharged which results in injury or death to any person.

3. Professional Standards Division will review the *Use of Force Report Form* to determine:
  - 1) Whether the action was consistent with policy and procedure;
  - 2) Whether the action warrants further administrative review/investigation; and
  - 3) Recommendations on equipment upgrades, training, and/or policy issues, if applicable.
  - a. The Assistant Chief may confer with Department instructors/trainers who specialize in the field of force used, as needed. The Chief of Police will be informed about any incident that may not be consistent with policy and procedure or indicates the action warrants further administrative review/investigation.
  - b. In all cases where an officer's action is determined to be a violation of this General Order but *not* a violation of state law, this distinction shall be made clear in all public discussion of such incidents and in any disciplinary action which may result.
  - c. The Professional Standards Division will conduct an annual analysis of all "Use of Force" incidents and provide a comprehensive report to the Chief of Police.

J. Post Event Review of Deadly Physical Force Incidents

1. A post event review regarding any use of force shall determine whether any involved officer acted in a manner consistent with or inconsistent with this policy.
2. Officers must be aware that they are subject to the standards set forth by State Law. In accordance with State Law, evaluations of an officer's actions related to a use of deadly force will consider, *but are not limited to*, the following factors:
  - a. Whether the person possessed or appeared to possess a deadly weapon
  - b. Whether the officer engaged in reasonable de-escalation measures prior to using deadly force
  - c. Whether any unreasonable conduct of the officer led to an increased risk of an occurrence of the situation that precipitated the use of deadly force.
3. Officers should be aware that the statutory language "but are not limited to" may mean that factors not specified in law or in this policy are considered in the evaluation of an officer's actions.

**K. Maintenance and Accountability For Weapons:**

1. The Department Range Supervisor will maintain a list of all approved weapons and ammunition that will be made available to all employees. The Range Supervisor will also maintain inventory reports for all weapons authorized by the agency and update inventories annually to include the location of all firearms.
2. All weapons will be inspected by a qualified range instructor or weapons instructor for proper functionality prior to issuance to an officer. Only weapons and ammunition authorized by the agency may be used by agency personnel in the performance of law enforcement duties.
3. At each training session for lethal or less lethal weapons, the range supervisor or instructor will conduct an inspection of all weapons assigned to each officer present and confirm that:
  - a. The weapons are properly assigned to the officer carrying the weapon.
  - b. That the weapons (lethal and less-lethal) are in working order; and
  - c. That inventory records accurately reflect weapons assigned to individual officers.
4. The procedures listed above will also apply to any weapons authorized by the agency for off-duty carry.
5. Whenever a Department weapon is found to be unsafe or not functioning properly, it will be immediately turned in by the officer and the officer will be issued a replacement. The Firearms Unit will maintain an inventory of replacement firearms and assure such firearms are available for issuance when needed.
