**Minutes:**

	Mr. and Ms. Mossa appealed the Order issued by Health Director Jody Bishop-Pullan, calling for the removal of the rooster housed at 172 Sanford Lane.	<p>Ms. Mossa questioned the name of the complainer and was told that information is confidential. She stated that the rooster is more than a pet and she considers it therapeutic for her husband who has Parkinson's Disease.</p> <p>Dr. Getreuer and Ms. Parry responded that the commission heard her appeal last year after a previous complaint and worked to allow time for the appellant to rectify the situation. This is the second complaint.</p>
