

EDUCATIONAL SPECIFICATIONS FOR STAMFORD HIGH SCHOOL MECHANICAL IMPROVEMENT PROJECT

NOVEMBER 11, 2022

1. RATIONALE

Stamford High School was originally constructed in the 1920s with additions constructed in 1971 and 2006. The majority of the mechanical systems in the 1920s and 1971 building were replaced circa 2000. The 1920s building mechanical systems include two electric fired air handler units which serve the 3d floor and limited sections of the 1st and 2nd floors including the auditorium.

The Facility Conditions Assessment conducted for Stamford High School as part of Long Term Facilities Master Plan in 2021 identified replacement and improvement needs for the air handler units.

The Mechanical Improvement Project is a single phase project including equipment replacement/asset renewal and/or improvements of the following mechanical components:

- Air Handler Unit and Condensing Unit that serves the 3rd floor and limited sections of the 1st and 2nd floors to include unit that heats, cools, and ventilates the spaces.
- Air Handler Unit that serves the Auditorium including improvements to include unit that heats, cools, and ventilates the space.
- Installation of gas line to units to convert existing electric fired units to gas fired units.
- Installation of Building Management System controls on new equipment and components with integration of controls to the Building Specific Alerton system.
- Ancillary work to selectively demolish and rebuild interior finishes and exterior envelope and roofing to accommodate and complete mechanical work.

Stamford High School is earmarked for multiple projects including deferred maintenance/asset renewal and capital improvements in accordance with Stamford Public Schools Long Term Facility Master Plan. The Mechanical Improvements Project is one of the identified projects.

2. LONG RANGE PLAN

The district's facilities plan calls for safe environments appropriate for learning. Stamford Public Schools participates in the Connecticut Green LEAF Schools program for which there are three tenets of this program:

- Provide Effective Environmental and Sustainability Education
- Improve the Health and Wellness of Students and Staff
- Reduce Environmental Impact and Cost

To provide a facility that meets these goals, removal and replacement of the existing air handler units, which are past useful life, and the improvement of air handler units and/or roof top units that heat, cool, and ventilate spaces at Stamford High School is required.

3. THE PROJECT

The Mechanical Improvements Project includes the following components:

- Replacement of the identified air handler unit and condenser for the 3rd floor and limited 1st and 2nd floor areas and the air handler unit for the auditorium.
- Replacement of the identified air handler units in their entirety and improvements to air handler units and/or roof top units that heat, cool, and ventilate the spaces.
- Installation of gas lines to the two units to convert from electric fired units to gas fired units.
- Air balancing and commissioning of the system following installation of equipment and completion of start-up.
- Installation of Building Management System controls for the equipment and components and integration of the controls to the Building Specific Alerton system.
- The project will be designed to conform to all State requirements for eligibility for grant funding.
- The project will not involve land disturbance.
- The replacement of systems involves removal of the existing mechanical equipment, ductwork, grills, and vents and selective demolition of building finishes to access components.
- Asbestos abatement may be required.
- The Project will conform to the latest Energy Code, Building Code, and Fire Code.
- The Project will conform to requirements of Connecticut General Statutes Section 10-291.

Design work will be begin immediately upon grant acceptance with construction schedule target of Summer 2023. However, construction will be highly dependent on equipment procurement. The Project will be conducted in Summer 2024 if equipment procurement delays prohibit Summer 2023 construction.

8. COMMUNITY USES

Stamford High School is designed to accommodate community uses after school hours and on weekends, throughout the school year and in the summer. There is no space in the school that is not dedicated to student use during school hours. Community uses of the facility include, but are not limited to, before and after-school programming, and community use of the buildings and grounds during non-school hours.

[BOARD OF FINANCE]

**RESOLUTION NO. _____
AMENDING THE CAPITAL BUDGET FOR FISCAL YEAR 2022-2023 BY ADDING
AN APPROPRIATION OF \$3,000,000 FOR THE STAMFORD HIGH SCHOOL
MECHANICAL IMPROVEMENTS PROJECT AND AUTHORIZING \$1,200,000
GENERAL OBLIGATION BONDS OF THE CITY TO MEET SAID APPROPRIATION**

WHEREAS, the Board of Finance of the City of Stamford, Connecticut (the “City”) approved and transmitted the Capital Budget for Fiscal Year 2022-2023 to the Board of Representatives of the City, which Board of Representatives approved Resolution No. 4135 on May 3, 2022 (the “Prior Resolution”), which resolution authorizes general obligation bonds to be issued to finance a portion of the approved capital budget project appropriations (the “Capital Budget Projects”);

WHEREAS, the Board of Representatives and the Board of Finance of the City desire to amend such capital budget and the Prior Resolution to increase the amount of the appropriation by \$3,000,000 for the replacement and improvement needs for the air handler units (the “Stamford High School Mechanical Improvements Project”), at Stamford High School 55 Strawberry Hill Avenue, Stamford, CT, Project No. [REDACTED]; and

WHEREAS, the City desires to amend the Prior Resolution to increase the amount of general obligation bonds by \$1,200,000 to finance the Capital Budget Projects;

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF FINANCE OF THE CITY OF STAMFORD:

The Capital Budget of the City for the fiscal year 2022-2023 is hereby amended to increase the appropriation in the amount of \$3,000,000 for the following Capital Budget Project:

<u>Project Number</u>	<u>Project Name</u>	<u>Total Supplemental Capital Request</u>
[REDACTED]	Stamford High School Mechanical Improvements Project	\$1,800,000 State
[REDACTED]	Stamford High School Mechanical Improvements Project	\$1,200,000 City Bonds

BE AND IT IS HEREBY FURTHER RESOLVED BY THE BOARD OF FINANCE OF THE CITY OF STAMFORD AS FOLLOWS:

Section 1. To meet the portion of the above capital budget appropriation for the Stamford High School Mechanical Improvements Project to be met from the issuance of bonds, \$1,200,000 general obligation bonds are authorized to be issued in one or more series, provided that the total amount of bonds to be issued shall be reduced by the Director of Administration to the amount necessary to meet the City’s share of the cost of each such appropriation determined after considering the estimated amounts of any federal and state grants-in-aid thereof, or the actual amounts thereof if ascertainable. The bonds shall be general obligations of the City and each of the bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such bond is within every debt and other limit prescribed by law, and that the full faith and credit of the City are pledged to the payment of the principal thereof and interest thereon. The aggregate principal amount of bonds to be issued and the manner of issue and sale shall be determined by the Board of Finance. The annual installments of principal, redemption provisions, if any, the certifying bank, registrar, transfer agent and paying agent, the date, time and other terms, details and particulars of such bonds shall be determined by the Mayor and

the Director of Administration. The bonds shall be sold at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City, as determined by the Mayor and the Director of Administration.

Section 2. The City hereby expresses its official intent pursuant to Section 1.150-2 of the Federal Income Tax Regulations, Title 26 (the “Regulations”), to reimburse expenditures paid sixty days prior to and any time after the date of passage of this resolution in the maximum amount and for the capital items described herein with the proceeds of bonds, notes, or other obligations authorized to be issued by the City. Said bonds, notes or other obligations shall be issued to reimburse such expenditures not later than 18 months after the later of the date of the expenditure or the substantial completion of the project, or such later date the Regulations may authorize. The City hereby certifies that the intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Director of Administration, or designee, is authorized to pay project expenses in accordance herewith pending the issuance of reimbursement bonds or notes.

Section 3. The remaining provisions of the Prior Resolution shall be applicable to this resolution as of the date of the adoption of this resolution.

Section 4. The remaining provisions of the Prior Resolution are hereby ratified and confirmed.

[This resolution requires the affirmative vote of four members of the Board of Finance.]

[BOARD OF REPRESENTATIVES]

RESOLUTION NO. _____
