**ADDENDUM NO. 1**  
**(May 26, 2020)**  
**Request for Proposals No. 802**  
**Virtual Net Metering Service Provider**

Addendum No. 1 is being issued to all potential bidders to provide the items and attachments set forth herein which shall act to qualify, clarify, or otherwise modify the Contract Documents previously issued regarding the above referenced project. These items, whether of omission, addition, substitution, or clarification, shall be incorporated into the proposals submitted by all bidders, and receipt of this document and its attachments must be acknowledged, either in the space provided on the Bid Form or on the Contractor's Form of Proposal. Failure to do so may subject the Bidder to disqualification.

The items and references:

Q: Regarding the 8 MW (AC) that the City of Stamford has applied for under the current VNM program in Eversource:

Has the City already received VNM allocations for this capacity, or is it on the Waitlist?

A: We are on the waitlist.

Q: Please confirm that this capacity is in the municipal VNM program (rather than agricultural).

A: Municipal

Q: Will the City consider projects that are looking for a VNM Host Customer, but otherwise already have site control, have applied for interconnection, and are submitting into the Year 9 ZREC solicitation in June 2020?

A: Yes

Q: Will the City be swapping winning projects with the ones that they already have used to reserve 8 MW on the VNM queue, assuming the projects are similar?

A: If Eversource permits. Otherwise we would need to do a new application.

All other terms and conditions of **RFP No. 802** remain the same.
