## REQUESTED SPECIAL PERMITS

1. Pursuant to Section 7.5 (Review of Large-Scale Development), Applicant requests approval of a residential structure containing ten (10) or more dwelling units and developing or altering 40,000 square feet of lot area or creating one-hundred or more new parking spaces.
2. Pursuant to Appendix B, Footnote 4 and Section 7.S, Applicant requests a residential density of 400 sf per family. The site is located on a retail street with a retail amenity provided. However, no associated floor area bonuses or exemptions permitted under Section 7.S.14 are being sought in. Remaining density is derived from a conversion of commercial floor area rights (pursuant to pending Text Change application #221-11) and the existing BMR bonuses permitted per Footnote 4.
3. Pursuant to Section 12.H. (PARKING REDUCTIONS), specifically Section 12.H.1.b.(2), Applicant requests Approval to reduce the on-site parking requirement by 18% (37/210) and pursuant to Section 12.H. (PARKING REDUCTIONS), specifically Section 12.H.1.c., Applicant requests approval to utilize the Bedford Street Garage (within 1,000 feet) to satisfy its on-site parking requirement. The Site is located less than mile of the Stamford Transportation Center and along a main east-west thoroughfare served by public transportation. It is also easy walking distance to several restaurant, retail, and service establishments with a “walk score” of 96, including a rating of “Excellent Transit”.

The property also maintains direct pedestrian access from the site to the abutting City garage structure, making long-term or short-term use of public parking facilities extremely convenient.

Lastly, more than 62% of the units will be one-bedrooms or smaller. For all of these reasons, the Applicants submit that the proposed parking ratio of 1.06 spaces per unit is appropriate.

4. Pursuant to Appendix B, Footnote 7 to reduce setbacks only in the area of the northeast portion of the garage near the Bedford Street Garage.
5. Pursuant to Appendix B, Footnote 13 to allow for premium FAR and height.

## STATEMENT OF FINDINGS

I. The above referenced specific Special Permit requests are integral to the development project as a whole. Thus, for purposes of demonstrating compliance with the standards and conditions below, the entire development proposal is considered. The Applicants submit that all applicable criteria contained in Stamford Zoning Regulations Article V, Section 19.C.2 are met for the following specific reasons:

- a. *Special permits shall be granted by the reviewing board only upon a finding that the proposed use or structure or the proposed extension or alteration of an existing use or structure is in accord with the public convenience and welfare after taking into account, where appropriate:*
  1. *the location and nature of the proposed site including its size and configuration, the proposed size, scale, and arrangement of structures, drives and parking areas and the proximity of existing dwellings and other structures.*

The proposed development is appropriately located within a mixed residential and commercial neighborhood and the Downtown Master Plan Category. The proposed building is compatible in scale and style with the surrounding area, particularly the Classic Condominium, the nearby Biltmore Condominium at 177 Broad Street, the Parc Grove Apartments developments, and the recently approved apartments at 154 Broad Street at the corner of Broad Street and Greyrock Place. The proposed setbacks and arrangement of buildings are appropriate for the C-G and serve to activate pedestrian street frontages while maintaining ideal sidewalk width. All parking is appropriately accommodated within 3 levels of parking and screened from public view.

2. *the nature and intensity of the proposed use in relation to its site and the surrounding area. Operations in connection with special permit uses shall not be injurious to the neighborhood, shall be in harmony with the general purpose and intent of these Regulations and shall not be more objectionable to nearby properties by reason of noise, fumes, vibration, artificial lighting or other potential disturbances to the health, safety, or peaceful enjoyment of property than the public necessity demands.*

The proposed density, height, and building coverage are below the maximums permitted within the zone and prescribed by the Master Plan. The proposed building improves the residential community with new indoor and outdoor amenity space and enclosed parking. There are no anticipated objectionable impacts or potential disturbances to nearby properties.

3. *the resulting traffic patterns, the adequacy of existing streets to accommodate the traffic associated with the proposed use, the adequacy of proposed off-street parking and loading, and the extent to which proposed driveways may cause a safety hazard, or traffic nuisance.*

The traffic can be safely and adequately accommodated on the surrounding streets. Parking is safely and adequately provided onsite and in the nearby Bedford Street Garage with a shared use of parking for onsite office uses. See accompanying Traffic report.

4. *the nature of the surrounding area and the extent to which the proposed use or feature might impair its present and future development.*

The surrounding area includes a variety of residential, commercial, and retail uses. The proposed residential use is compatible with these uses and will serve as a further catalyst for others to invest in their properties. It will also place people on the streets thereby increasing the patronage of nearby retail and service establishments.

5. *the Master Plan of the City of Stamford and all statements of the purpose and intent of these regulations.*

Category 11 (Downtown) of the Master Plan contemplates “to provide for and protect an intensive, pedestrian-oriented mixed-use district. Intended is a full array of retail, office, cultural, recreation and residential uses serviced by mass transportation and integrated pedestrian access systems, always at-grade, enhanced by up-to-date lighting, seating, planting, signage, etc., to assure a desirable mixing and interaction of people and activities. A variety of scale and design in new construction is to be encouraged.” The proposed development fits within this category and fulfills the policy goals of the neighborhood. Other Master Plan policy goals realized through this redevelopment include:

- a. **3B.7:** Implement traffic calming and improvements to bicycle and pedestrian infrastructure in the Downtown, along commercial arteries and in neighborhood centers
- b. **3C.3:** Maintain the affordable housing stock to ensure that people who work in Stamford can afford to live in Stamford.
- c. **5A.6:** Promote infill development on vacant sites within Downtown.
- d. **5B.1:** Improve pedestrian connectivity within Downtown and between Downtown and adjacent neighborhoods.

- e. **5B.2:** Implement streetscape and traffic calming improvements Downtown.
- f. **5B.3:** Encourage quality urban design that relates well to streets and people.
- g. **5E.1:** Promote neighborhood revitalization.
- h. **6A.1:** Balance new development with preservation of existing residential communities.
- i. **6B:** Preserve Existing and Create New Affordable Housing.
- j. **6C.2:** Promote development of a variety of housing types.

II. *Pursuant to Section 19.C.2.a of the Zoning Regulations, the Zoning Board must find that the proposed use or structure or the proposed extension or alteration of an existing use or structure is in accord with the public convenience and welfare.*

The applicant is proposing to infill the existing vacant parcels and construct a new mixed-use building with associated parking and streetscape improvements in its place. The proposed development will increase the tax base and significantly improve the appearance of one of the most visible parcels in Downtown Stamford. The active ground floor frontage, 198 new residential units, both affordable and market rate, will enliven this long-underutilized site and breathe new life into this stretch of Broad Street. For all of these reasons, the Applicants submit that the proposal, and the associated Special Permit requests which are inextricably intertwined, are in accord with the public convenience and welfare.

III. *Pursuant to Section 12.D.1.c of the Stamford Zoning Regulations, the site location, proximity to offsite public and/or private parking infrastructure, potential for shared use of spaces, conveniences to mass transit, mix of proposed uses, number of bedrooms, or other urban factors that mitigate parking demand provide sufficient rationale for said Parking Management Plan to the satisfaction of the Zoning Board.*

The Site is located within a mile of the Stamford Transportation Center and along a main east-west thoroughfare served by public transportation. It is also easy walking distance to several restaurant, retail, and service establishments with a “walk score” of 96 (Walker’s Paradise) including a rating of “Excellent Transit”. It includes pedestrian access into the abutting City Garage. For all of these reasons, the Applicants submit the proposed parking ratio of 1.06 spaces per unit is appropriate.

# PROJECT DESCRIPTION

## 128-136 Broad Street

### Development Site/Project Team

The mixed-use development being proposed for this long vacant parcel located at 128-136 Broad Street presents a tremendous opportunity to activate the north side of Broad Street between Greyrock Place and Bedford Street while simultaneously increasing market and below market rate housing stock along with retail space inventory in the urban core of the City of Stamford.

The development of this property is complex related not only to its classification as “urban in-fill” but additional site characteristics that are unique to this particular parcel. To address these challenges, The F. D. Rich Company engaged the world-renowned architectural firm of Perkins Eastman along with project engineering firms including, D’Andrea Surveying, Desimone Structural, Collective Design Associates Mechanical and SLR Traffic Consultants.

The project site, while it appears to be two separate parcels is actually a single parcel bisected by Gay Street. Where Gay Street crosses the site, it is actually owned by the property owner, but the City of Stamford enjoys a Right of Way for access to the Bedford Street Garage and adjacent surface parking lot. This feature requires a costly structural span over Gay Street to create the uniform parking decks above and the platform above the parking decks to support the residential units above that. That said, this also presents an opportunity to create a spectacular Broad Street entrance/exit portal to and from the interior of the block. The height of this portal is dictated by ensuring access for the tallest delivery trucks on the road. A generous height of 15’ clear is included. Another positive design feature is a ground floor with above average ceiling heights which also translates into above average storefront heights along Broad Street.

Secondly, on the ground floor west of Gay Street, a 20’ wide, east-west access road, also with 15’ clear ceiling heights, and an approximately 16.4’ to 21’ wide north-south turning area/road (uncovered) is planned not only to service the projects ground floor parking and loading but, will be available for usage by the adjacent property owners fronting on Broad and Bedford Streets. This feature will ensure a covered and well-lit path for deliveries, refuse service and customer access to these properties in perpetuity.

Thirdly, this application includes a proposed Zoning Lot Development Agreement. We have combined forces with our western neighbor at 122-124 Broad Street (the building that houses Zaza Restaurant and Dental Office). This allows the two sites to be considered as a single zoning lot and paves the way for the transfer of the unused development rights from 122-124 Broad Street to the proposed project. The unit count increases from 171 to 198 through this mechanism. Important to note that the building height and size did not change as a result of this unit count increase. The intended effect was only to add more apartments within the allowable building envelope so that the average unit size would shrink to a size more appropriate for the market. To be specific, the average unit size decreased from approximately 1,066 SF to 915 SF with no change whatsoever in the massing of the building.

## **Proposed Development**

The building has an overall height of 13 stories. This includes ten stories of apartments above a three-story podium. The ground level facing Broad Street west of the Gay Street portal contains building access, parking spaces, a generous lobby, offices, and building support spaces. East of Gay Street contains retail spaces, garage access ramps, and building support areas. Levels two and three are dedicated to project parking while level 4 is a combination of apartments and building amenity spaces. Floors 5-13 contain only residential apartments. Additionally, there will be a rooftop terrace available for use by building residents.

The buildings modern design includes a variety of materials including expansive glass storefronts, stone and painted block at grade, to the garage levels clad with attractive vertical aluminum wood look struts to the residential tower also featuring vast amounts of glass coupled with glass fiber reinforced concrete panels and metal panel accents. Most of the apartments will enjoy large terraces.

One of the key areas of the project will be on the fourth floor. Here residents will be able to enjoy a seasonal pool with a large recreational deck, lounge, club room, state-of-the-art fitness center and multiple conference rooms.

Below is an overall summary of the project.

### **Summary**

- Site size: 35,659 square feet or .82 acres.
- 198 rental apartments. 61% studio and 1 BR, 34% 2 BR, 5% 3 BR.
- Street level retail space: 4,324 square feet fronting Broad and Gay Streets.
- Planned height: 147.2 feet (maximum allowable height in C-G =150 feet).
- Number of stories: (13) Thirteen comprised of the following:
  - Street level: retail spaces, 17 parking spaces, site access, on-site loading, garage ramps, mechanical areas, bike room, lobby and leasing offices, package room, concealed transformer and switchgear equipment, engineers' office, and exterior dog run area.
  - Levels two and three contain 76 and 80 parking spaces respectively.
  - Level four contains amenities and apartments.
  - Levels five through thirteen contain apartments.
- On-site electric vehicle charging stations and shuttle to Transportation Center.

**Public Benefits:**

- Enhanced pedestrian & automobile access experience to Bedford Street Parking area and garage due to passageway design. Covered, 15' clear height, well lit, activated, proper sidewalks.
- Below market rate housing units: 17
- Property Taxes: Currently \$40,200 per annum expected to grow to \$1.3 million per annum.
- Building Permit Fee: \$1.0 million.
- Construction jobs: 300
- Permanent jobs: 10
- Usage of public garage (Bedford Street Garage) means additional income to the City of Stamford.
- Economic spillover effect to area businesses and non-profits.
- 96 out of 100 Walk Score means "walker's paradise". Most errands can be accomplished on foot, with a reduced reliance on automobile trips. Walk to work and public transit.

**Actions Needed:**

The proposed project does not require any zoning text change, zoning map amendment, or variance. Instead, the project needs only: 1) site & architectural plan approval; 2) administrative and zoning board approval of the proposed zoning lot development agreement; and, 3) several Special Permits all of which are fairly standard for projects of this size and nature. Please see the accompanying Requested Special Permits list for more specific details.

## ZONING LOT DEVELOPMENT AGREEMENT

**AGREEMENT** made this \_\_\_ day of \_\_\_\_\_, 202\_ by and between, **TR BROAD II, LLC**, a Connecticut Limited Liability company having a principal place of business at 222 Summer Street, City of Stamford, County of Fairfield and State of Connecticut (hereinafter referred to as “TR BROAD”); and **122-124 BROAD STREET, LLC** a Connecticut Limited Liability company, with its principal place of business at 36 Orchard Street, in the Town of Cos Cob, County of Fairfield and State of Connecticut (hereinafter referred to as “122-124 BROAD”) (Collectively, the “PROPERTY OWNERS”),

### WITNESSETH:

WHEREAS, TR BROAD is the owner of 128-134, and 136 Broad Street, Stamford, Connecticut (hereinafter referred to as “LOT A”) as more particularly described in Schedule A attached hereto and made a part hereof; and

WHEREAS, 122-124 BROAD is the owner of 122-124 Broad Street, Stamford, Connecticut (hereinafter referred to as “Lot B”) as more particularly described in Schedule B attached hereto and made a part hereof; and

WHEREAS, LOT A and LOT B (collectively the “Properties”) each contain Tax Lots under the STANDARDS contained in the Zoning Regulations of the City of Stamford (hereinafter referred to as the “Zoning Regulations”); and

WHEREAS, the parties Agree that, solely for the purposes contemplated by this Agreement the Properties should be considered one Zoning Lot; and

WHEREAS, TR BROAD intends to construct a multi-family project on Parcel A; and

WHEREAS, 122-124 BROAD has an existing one-story retail building located on Parcel B with no other uses located on Parcel B; and

WHEREAS, 122-124 BROAD by virtue of this agreement intends to transfer all of its presently existing unused development rights to TR BROAD; and

WHEREAS, both Lot A and Lot B are in the C-G Zone; and

WHEREAS, TR BROAD has obtained Zoning Board Approval # \_\_\_\_\_ (the "Approval") to construct a multi-family project on Parcel A while preserving the existing one story retail building on Parcel B; and

WHEREAS, the Approved multi-family project is achievable via the transfer of development rights from LOT B to LOT A; and

WHEREAS, this transfer of development rights facilitates the Approved development and results in a more rational development of the properties than would otherwise be permitted by the Zoning Regulations.

NOW, THEREFORE, the PROPERTY OWNERS agree to the following: the sharing/transfer and allocation of Development Rights among the Properties as follows:

1. The Development Rights of Properties are transferred/allocated as shown on Schedule "C" annexed hereto and made a part hereof.
2. All setbacks along shared Tax Lots Lines interior to the Zoning Lot are waived however all lot lines are respected.

3. The approved development of these Properties shall be in accordance with the Zoning Regulations, the transfer of Development Rights as stated in Schedule "C", and the conditions of the Approval.
4. This agreement shall be binding upon the PROPERTY OWNERS, their heirs, successors and assigns.
5. Upon obtaining all required approvals, this agreement shall not be terminated without the unanimous written consent of each of the PROPERTY OWNERS, their heirs, successors or assigns. Said termination must be approved by Land Use Bureau staff, whose approval shall not be withheld in the event the properties comply or are proposed to be brought into compliance with the Zoning Regulations of the City of Stamford in effect at the time of said termination.
6. The PROPERTY OWNERS agree not to assert the invalidity of this document.
7. This agreement shall be governed by the laws of the State of Connecticut.
8. In the event that any provision of this Agreement is deemed to be invalid or unenforceable for any reason, this Agreement shall be construed as not containing such provision, and the invalidity or unenforceability thereof shall not render any other provision of this Agreement invalid or unenforceable.
9. Each party executing this Agreement does represent to the other that the parties executing on behalf of each party is duly authorized to enter into and execute this Agreement.
10. This Agreement may only be changed, modified, waived or discharged by agreement in writing, signed by the parties hereto.
11. No failure of any party to enforce any term hereof shall be deemed to be a waiver.

IN WITNESS WHEREOF, the said parties hereto have hereunto set their hands and seals, the day and year first above written.
