

Good morning Tracy,

This is a contract with Avanade Inc. for City RFP No. 900 Digital Transformation Advisory Services. Per the City's RFP 900, Avanade will provide a comprehensive digital transformation solution that supports the following capabilities:

- *Cloud Migration*: Moving CoS data, applications, and infrastructure from its on-premises environment to a cloud-based platform;
- *Data Analytics*: Data collection and analysis to support decision-making and service delivery. The solution will include data integration, data visualization, and predictive analytics capabilities;
- *Citizen Services*: Enhancing citizen engagement and services above and beyond our existing website. This includes digital channels for accessing city services, digital payments, and real-time information on city events, traffic, and public transportation;
- *Business Services*: Integration with our cloud-based ERP system to further improve support for businesses by offering digital tools and services for business registration, licensing, and permitting. This will help reduce the time and costs associated with starting and running a business in the city; and
- *Smart City*: Smart city initiatives that will enhance the city's infrastructure and services. This includes smart traffic management, public safety, and environmental monitoring.

Thank you,

Chris Dellaselva  
Assistant Corporation Counsel  
City of Stamford Office of Legal Affairs  
888 Washington Boulevard
