Letter of Transmittal:

CONTRACTOR INFORMATION:

Shock Electrical Contractors, Inc.
178 Osborne Street
Danbury, CT 06810
Owners - Jean Belansky
Michael Machado E1 Electrical Sub Contractor -

Contact info: (203) 748-5690 office
Office hours: 9:00 - 6:00 pm
Fax: (203) 798-2886
Emergency after hour services: 24hr. Emergency Line: (203) 748-5690

Summary of proposal:

Shock Electrical Contractors, Inc. will provide street lighting maintenance and on call service in compliance with all applicable federal, state and local laws, regulations, safety codes and ordinances with no less than (6) licensed electricians who are trained and experienced, certified and insured to perform installation, removal and replacement of high voltage electrical conductors as per CL&P NB-208 and OSHA Training.

Scope of Services:

1. Annual Routine Maintenance and Administration

Shock Electric will interface with the City of Stamford Citizens Center regarding request for street light maintenance from City residents and businesses. Shock Electric will provide 12 hours per week of administrative coordination of one (1) day per week of repairs, along with (8) annual night patrols for a minimum of 4 hours each on streets specified by the Energy/Utility Manager. Routine maintenance will be performed within five (5) business days of notification, weather permitting. Shock Electric will notify City of date and time repairs in addition to reporting of "no power" problems within three (3) working days via email. The contractor shall incorporate into routine repairs all streetlights repairs identified during its night inspections. City will purchase street light and materials and direct ship them to the contractor's warehouse based on inventory needs specified by Shock. Shock Electric will be expected to maintain an inventory or have readily available a supply of photo cells, lamps, ballasts and other equipment that is routinely used for these repairs in order to perform the contract in the time frame required.

Shock Electric's First response to a street light outage: replace the lamp and photocell with a new lamp and photocell to be provided by the City. The lamp shall be the same wattage as the current unless otherwise directed by the City. Shock Electric shall inspect the fixture and test it to determine that there is no power to the fixture. Shock Electric will "short out" the photocell to test the operation of the lamp. If there is no power to the fixture and the lamp does not illuminate, the fixture shall be replaced. Shock will thoroughly clean the lens and reflector. Any debris inside the fixture shall be removed. Shock Electric will check each fixture for proper grounding and for potential back wiring. Shock shall check each fixture for proper labeling of the streetlight fixture as the property of the City of Stamford and shall affix a label to be provided by the City on all fixtures not labeled. Shock Electric shall properly recycle any spent lamps and return any fixtures to the yard at 185 Magee Avenue where lamps, glass, and mixed metals will be properly recycled.

Second response to an outage after installing a new lamp: Shock will replace the fixture had, "short out" the photocell and test in for proper operation. Shock will remove any new lamps from the fixtures to return to inventory and properly recycle old lamps and/ or ballast, glass and mixed metals at 185 Magee Ave.

Repairs to LED fixtures: Shock will replace the photocell and "short out" the photocell to test operation of the fixture. If Shock determines that there is no power to the fixture and the fixture does not illuminate, one or both ballast will be replaced. Ballast removed will be returned to 185 Magee Ave/ for warranty replacement.

Work not included as part of routine maintenance and to be paid for by the City or others includes: installation of new street lights within new underground developments, upgrading obsolete fixtures and relocating brackets at the request of another utility. Street light power connections, disconnections, relocations and transfers will be performed by CL&P at the City expense.

Shock will provide a bucket truck with a minimum 40 FT. insulated boom and an insulated material handling bucket. Current OSHA certifications for the boom and bucket shall be provided to the City prior to the start of the contract. All equipment shall be kept clean and in good working order and repair. All vehicles used for the work of this contract shall have clearly visible on each side the name and phone number of Shock Electric. All Shock equipment will be in reliable working condition. Shock shall operate vehicles in such a manner so as to not impede traffic on City street.

Shock will be responsible for damage to private property arising from his operations. The city shall be held free of any and all liability arising therefrom.

2. Web-based Maintenance Management System (WMMS)

Shock Electric will utilize a WMMS to record, track and report on all maintenance performed on the City's streetlights. Weekly routes are to be communicated to the Engineering via email for comment and/or additions. An active historical database is to be kept for ease of searching records and for prioritizing second responses. A monthly report agreed upon with the Town shall be submitted with each monthly invoice.

3. Emergency Repair Service:

In the event that the City determines that it is necessary to perform any streetlight maintenance on an emergency basis, without waiting for normally scheduled maintenance, Shock will respond to a telephone request within 3 hours of such request.

4. Utility Coordination:

Shock Electric will coordinate streetlight repair and maintenance activities with Eversource. In order to minimize costs, Shock will notify and secure approval from the City for these activities followed by the direct scheduling of such assistance by Shock. In the event of a scheduling change for any reason, Shock will be responsible for cancellation of any utility assistance. Shock Electric will pay for any utility assistance if Shock Electric fails to cancel in a timely fashion.

5. Protection Crew Costs:

The City will be responsible for the cost of protection crews to the extent they are needed. The procedure for securing police detail assistance involves notifying and securing the approval of the City of Stamford, followed by the direct scheduling if such assistance by the Proposer. In event of a scheduling change for any reason, Shock Electric will be responsible for cancellation of any police detail. Shock Electric will pay for any details that it fails to cancel in a timely fashion.

6. Staffing and Qualifications:

Shock Electric shall have on staff no less than two (2) licensed electricians who are trained, experience, certified and insured to perform installation, removal, replacement, relocation, transfer and maintenance work on street lighting equipment in close proximity to high voltage electrical conductors, and per CL&P (Eversource) NB-208 and OSHA. Documentation of the license, training, certification and insurance for any and all employees that will be performing this work shall be provided to the City prior to the award of this contract. Shock Electric shall certify, in writing, that they will perform street lighting maintenance services in compliance with all applicable federal, state and local laws, regulations, safety codes and ordinances. This specifically includes drug testing for all CDL licensed drivers and copies of driver's histories for any employees who operate the vehicle in performance of services related to this contract.

7. Other Assistance:

At the City's request, Shock Electric shall make itself available to attend City Representative and other meetings in order to report on issues concerning the street lighting system.

Shock Electrical Contractors, Inc. Service Summary:

Shock Electrical Contractors, Inc. is a 40 year full service electrical contracting service. We have over 31 years of experience in providing excellent quality service to municipalities in reducing energy costs. Shock Electric has serviced the City of Stamford in this capacity for over 18 years.

We have provided excellent service to our commercial, industrial and residential customers throughout CT and NY. We are licensed in both CT and NY State. We specialize in providing lighting services from industrial to residential generator installations, city wide street lighting throughout city streets, parks, stadiums, schools, and have maintained the service and maintenance contracts for Stamford, Greenwich, New Milford, Danbury, and Norwalk to name a few. RE: Street Lighting in Southington, CT

To Whom It May Concern,

With pleasure, I would personally extend a recommendation for Shock Electrical Contractors, Inc. to perform street lighting repairs and replacements. Shock has been working with NORESKO to replace over 3,700 streetlights for the Town of Southington Energy Performance Service Contract. Work has included:

- Replacing existing fixtures with new, energy efficient LED fixtures
- Disposal and waste management
- Installation of cobra head and flood mounted fixtures
- Use of a state certified traffic control person
- Coordination of police escorts on specified roads
- Weekly safety talks and vigilant exercise of safe practices

Given the opportunity to work with Shock Electrical Contractors, Inc. on future street lighting opportunities, I would gladly extend Shock an invitation to bid. Their crew has been diligent to execute the work ahead of schedule and with minimal interruption to residents' daily operations.

Sincerely,

Andrew Cabana
Project Manager II, Construction
NORESKO

To Whom It May Concern:

Under the leadership of Tom Pepin, Shock Electric has performed the installation of the Stamford Downtown holiday lighting program for the past 20 years. In those years Shock Electric has been consistently dependable, flexible, competitively priced and highly competent. The program began with the installation of mini-lights on approximately 60 downtown trees. The job seemed simple but there were numerous challenges, not the least of which was an aging, underpowered streetlight electrical infrastructure. Shock technicians identified all issues in advance and were able to overcome the challenges to complete installation on time and on budget. In subsequent years the program expanded and several new lighting techniques and ideas were raised, researched and ultimately implemented by Shock personnel. The Stamford Downtown Holiday Lighting program has now nearly doubled in coverage since its inception, in large part due to the expertise of the entire Shock Electric team. Of course holiday lighting is an extremely time sensitive program, therefore it is very important to note that in 20 years Shock Electric technicians have not missed a deadline. The lights are always ready to roll when we want to "pull the switch" and just as important, they are turned off as soon as the season dictates.

I would highly recommend Shock Electric for this sort of unique job project as well as for any more conventional electrical contracting work. Please feel free to contact me if you have additional questions about Shock Electric or our Stamford Downtown holiday lighting program.

Sincerely,

John Ruotolo
Vice President of Operations

Re: Shock Electrical Contractors

To Whom it May Concern:

I have been very pleased with the performance of Shock Electrical Contractors on all projects they have done. They are a very professional organization. Their work is on time and on schedule and built in conformance with the plans and specifications. The personnel are very accessible and easy to communicate with. Especially helpful is the direct access to owner at all times. Because of this it is my pleasure to recommend Shock Electrical Contractors.

Sincerely,

William J. Buckley

April 30, 2013

To Whom It May Concern:

I am writing this letter as a formal recommendation for Shock Electric. I highly recommend Shock Electric and we use their services for all of our service and installation needs for our ten branches and two additional Operations Buildings. Shock has handled the smallest jobs of installing new light bulbs or ballasts to installing new light fixtures in our entire main office. They provide the highest level of service and respond to our service calls in a prompt manner. There have been several occasions that we required emergency service and Tom Pepe, owner, personally got involved and ensured we had the resources needed and the problem was resolved.

If you have any questions or would like to personally talk with me regarding this recommendation please do not hesitate to contact me.

Sincerely,

Robert Farrier
SVP - Retail Banking Officer

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED BY CONTRACT ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE PART

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

- A. WHO IS AN INSURED for "bodily injury" and "property damage" liability is amended to include:
Any person or organization other than a joint venture, for which you have agreed by written contract to procure bodily injury or property damage "auto" liability insurance arising out of operation of a covered "auto" with your permission. However, this additional insurance does not apply to:
- (1) The owner or anyone else from whom you hire or borrow a covered "auto". This exception does not apply if the covered "auto" is a "trailer" connected to a covered "auto" you own.
 - (2) Your "employee" if the covered "auto" is owned by that "employee" or a member of his or her household.
 - (3) Someone using a covered "auto" while he or she is working in a business of selling, servicing, repairing, parking or storing "autos" unless that business is yours.
 - (4) Anyone other than your "employees", partners (if you are a partnership), members (if you are a limited liability company), or a lessee or borrower or any of their "employees", while moving property to or from a covered "auto".
 - (5) A partner (if you are a partnership), or a member (if you are a limited liability company) for a covered "auto" owned by him or her or a member of his or her household.
- B. The coverage extended to any additional insured by this endorsement is limited to, and subject to all terms, conditions, and exclusions of the Coverage Part to which this endorsement is attached.
- In addition, coverage shall not exceed the terms and conditions that are required by the terms of the written agreement to add any insured, or to procure insurance.
- C. The limits of insurance applicable to such insurance shall be the lesser of the limits required by the agreement between the parties, or the limits provided by this policy.
- D. Additional exclusions. The insurance afforded to any person or organization as an insured under this endorsement does not apply:
1. To "loss" which occurs prior to the date of your contract with such person or organization;
 2. To "loss" arising out of the sole negligence of any person or organization that would not be an insured except for this endorsement.
 3. To "loss" for any leased or rented "auto" when the lessor or his or her agent takes possession of the leased or rented "auto" or the policy period ends, whichever occurs first.

143

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET WAIVER OF TRANSFER OF RIGHTS OF RECOVERY

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE PART

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

In the event of any payment for a loss under this Business Auto Coverage Part arising out of your ongoing operations, we agree to waive our rights under the TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US condition against any person or organization, its subsidiaries, directors, agents or employees, for which you have agreed by written contract, prior to the occurrence of any loss, to waive such rights, except when the payment results from the sole negligence of that person or organization, its subsidiaries, directors, agents or employees.

6 City, state, and ZIP code
Danbury CT 06810

7 List account number(s) here (optional)

Requester's name and address (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			-			-				
--	--	--	---	--	--	---	--	--	--	--

or

Employer identification number

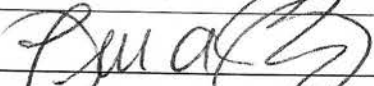

06	-	1091	757
----	---	------	-----

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶  Date ▶ **11/1/2022**

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

COMMISSION ON HUMAN RIGHTS AND OPPORTUNITIES
CONTRACT COMPLIANCE REGULATIONS
NOTIFICATION TO BIDDERS

(Revised 09/3/15)

The contract to be awarded is subject to contract compliance requirements mandated by Sections 4a-60 and 4a-60a of the Connecticut General Statutes; and, when the awarding agency is the State, Sections 46a-71(d) and 46a-81i(d) of the Connecticut General Statutes. There are Contract Compliance Regulations codified at Section 46a-68j-21 through 43 of the Regulations of Connecticut State Agencies, which establish a procedure for awarding all contracts covered by Sections 4a-60 and 46a-71(d) of the Connecticut General Statutes.

According to Section 46a-68j-30(9) of the Contract Compliance Regulations, every agency awarding a contract subject to the contract compliance requirements has an obligation to “aggressively solicit the participation of legitimate minority business enterprises as bidders, contractors, subcontractors and suppliers of materials.” “Minority business enterprise” is defined in Section 4a-60 of the Connecticut General Statutes as a business wherein fifty-one percent or more of the capital stock, or assets belong to a person or persons: “(1) Who are active in daily affairs of the enterprise; (2) who have the power to direct the management and policies of the enterprise; and (3) who are members of a minority, as such term is defined in subsection (a) of Section 32-9n.” “Minority” groups are defined in Section 32-9n of the Connecticut General Statutes as “(1) Black Americans . . . (2) Hispanic Americans . . . (3) persons who have origins in the Iberian Peninsula . . . (4) Women . . . (5) Asian Pacific Americans and Pacific Islanders; (6) American Indians . . .” An individual with a disability is also a minority business enterprise as provided by Section 4a-60g of the Connecticut General Statutes. The above definitions apply to the contract compliance requirements by virtue of Section 46a-68j-21(11) of the Contract Compliance Regulations.

The awarding agency will consider the following factors when reviewing the bidder’s qualifications under the contract compliance requirements:

- (a) the bidder’s success in implementing an affirmative action plan;
- (b) the bidder’s success in developing an apprenticeship program complying with Sections 46a-68-1 to 46a-68-17 of the Administrative Regulations of Connecticut State Agencies, inclusive;
- (c) the bidder’s promise to develop and implement a successful affirmative action plan;
- (d) the bidder’s submission of employment statistics contained in the “Employment Information Form”, indicating that the composition of its workforce is at or near parity when compared to the racial and sexual composition of the workforce in the relevant labor market area; and
- (e) the bidder’s promise to set aside a portion of the contract for legitimate minority business enterprises. See Section 46a-68j-30(10)(E) of the Contract Compliance Regulations.

INSTRUCTIONS AND OTHER INFORMATION

The following BIDDER CONTRACT COMPLIANCE MONITORING REPORT must be completed in full, signed, and submitted with the bid for this contract. The contract awarding agency and the Commission on Human Rights and Opportunities will use the information contained thereon to determine the bidders compliance to Sections 4a-60 and 4a-60a CONN. GEN. STAT., and Sections 46a-68j-23 of the Regulations of Connecticut State Agencies regarding equal employment opportunity, and the bidder’s good faith efforts to include minority business enterprises as subcontractors and suppliers for the work of the contract.

1) Definition of Small Contractor

Section 4a-60g CONN. GEN. STAT. defines a small contractor as a company that has been doing business under the same management and control and has maintained its principal place of business in Connecticut for a one year period immediately prior to its application for certification under this section, had gross revenues not exceeding fifteen million dollars in the most recently completed fiscal year, and at least fifty-one percent of the ownership of which is held by a person or persons who are active in the daily affairs of the company, and have the power to direct the management and policies of the company, except that a nonprofit corporation shall be construed to be a small contractor if such nonprofit corporation meets the requirements of subparagraphs (A) and (B) of subdivision 4a-60g CONN. GEN. STAT.

2) Description of Job Categories (as used in Part IV Bidder Employment Information) (Page 2)

MANAGEMENT: Managers plan, organize, direct, and control the major functions of an organization through subordinates who are at the managerial or supervisory level. They make policy decisions and set objectives for the company or departments. They are not usually directly involved in production or providing services. Examples include top executives, public relations managers, managers of operations specialties (such as financial, human resources, or purchasing managers), and construction and engineering managers.

BUSINESS AND FINANCIAL OPERATIONS: These occupations include managers and professionals who work with the financial aspects of the business. These occupations include accountants and auditors, purchasing agents, management analysts, labor relations specialists, and budget, credit, and financial analysts.

MARKETING AND SALES: Occupations related to the act or process of buying and selling products and/or services such as sales engineer, retail sales workers and sales representatives including wholesale.

CITY OF STAMFORD
OFFICE OF ADMINISTRATION
888 WASHINGTON BOULEVARD
P.O. BOX 10152
STAMFORD, CONNECTICUT 06904-2152

ADDENDUM NO. 1
(January 27, 2022)
Request for Proposals No. 853
Street Light Maintenance and Administration

Addendum No. 1 is being issued to all potential respondents to provide the items and attachments set forth herein which shall act to qualify, clarify, or otherwise modify the RFP Documents previously issued regarding the above referenced project. These items, whether of omission, addition, substitution, or clarification, shall be incorporated into the proposals submitted by all bidders, and receipt of this document and its attachments should be acknowledged in the space provided on the RESPONDENT'S INFORMATION AND ACKNOWLEDGEMENT FORM. Failure to do so may subject the Bidder to disqualification.

The items and references:

Q: Page 1 of the RFP indicates that bidders are to submit responses via: Online via ProcureWare at <https://stamfordct.procureware.com>. However, the Proposal Instructions on Page 33 of the RFP state: "One original and five (5) copies, along with two (2) electronic versions, of the proposal must be submitted. The name of the vendor must appear on the outside front cover of each copy of the proposal." Can the City please confirm whether the one original and five copies, along with the two electronic versions, are still required in addition to the electronic submission on the City's ProcureWare site? If so, please confirm the address and contact of where these additional copies should be mailed.

A: You are only required to submit responses via: Online via ProcureWare at <https://stamfordct.procureware.com>

Q: Has the City converted any of its 9,600 lights to LED? The RFP mentions only "non-LED" in the scope of work.

A: Yes, approximately 4,280 of the lights have been converted to LED.

Q: Has the City previously outsourced the streetlight maintenance work? If so, to which firm(s). If not, why is it shifting to an outsourced model now?

A: Yes, Nxegen for several years and then Shock Electric for several years.

Q: Page 2 of the RFP lists documents required to be returned with the RFP response – the third item is listed as: "City of Stamford State of Connecticut Contractor Verification Compliance Affidavit (For all school projects)". Please confirm that this item is not required because, given that the scope does not involve schools, it is not relevant to this project.

A: This item is not required.
