

BOARD OF ETHICS

888 Washington Blvd
Stamford, CT 06904

Advisory #1995-2

SEP 28 11 00 AM '95
September 28, 1995

Mr. Frank Green
[REDACTED]

Dear Mr. Green:

Please refer to our letter to you of August 31, 1995, in which we rendered an interim advisory opinion because the Board lacked a quorum when we met with you on August 30.

To make our opinion official, we met with you on September 27, with a quorum (four members) present.

The Board's conclusions remain the same, viz. - the fact that you are a city employee, does not, by itself, disqualify you from serving on the Personnel Commission. The Board also found that there would not be any conflict in serving on the Commission except in such obvious situations as reclassification of your job description, or investigation of anyone in the chain of command from you to the Personnel Director. In that case, you would recuse yourself.
