Mr. Robert L. Johnson

[Redacted address block]

Dear Mr. Johnson:

The Board of Ethics has considered the question raised in the letter from Nancy Mitchell, dated February 23, 1984, and discussed at our meeting with you and your colleagues on March 8.

The following conclusions have been reached:

1. It would not be proper for Mr. Gammell to receive any compensation from NPP, Inc., at this time.
2. It would be proper, and not a violation of the Code of Ethics, should Mr. Gammell, or any other Community Development employee, desire to apply for and to fill, if selected, the position of Construction Manager for NPP, Inc.
