Note: Mr. Adelberg dropped off the meeting; Chairman Ortelli moved to Staff Reports. Mr. Adelberg rejoined at 6:49 p.m.

c) Staff Reports:

Marina & Safety:

- Mr. Hollander stated the Marina Committee quite busy and provided a combined Marina and Safety Committee report. Mr. Hollander made a request for assistance with the Safety Committee.
- Reported on meeting with Frank Petise, Transportation Bureau Chief, regarding traffic calming measures.

- Met with Erin McKenna, Senior Planner, Land Use Bureau, and Geoff Steadman on Friday, January 12, 2024 to discuss the first phase of the Stamford Harbor Boat Ramp Feasibility Study as proposed by RACE Coastal Engineering. Provided details of the meeting followed by considerable discussion on the funding for this project.
- Met with the Principals of the Lighthouse Restoration Group on Thursday, January 11, 2024 and provided details of the meeting.
- Sent an invitation to Lou DeRubeis, Director of Safety, Health & Welfare, on January 12, 2024 to present the Annual State of the Harbor Report at the February meeting.
- Reported the Marina Committee is ongoing with its survey of all marinas and site maps.

Mr. Pensiero provided an update on the Ralsey Road application. There has been weather-related flooding in that area which may impact current and future work in the area. The Commission has some discussion regarding weather-related issues and the need for an additional boat ramp inside Stamford Harbor.

Dr. Ortelli reported that there has been damage to pilings at Cove Marina and additional docks. Dr. Ortelli showed pictures of such.

Mr. Pensiero requested discussion on the Cove Marina repair project. The Commission had considerable discussion on the piling repairs and potential solutions for providing slips for boaters.

Mr. Pensiero noted that dredging has been discussed for next Fall and that the pilings would potentially be in the way.

Mr. Adelberg stated there is a contracting company very accessible and feels they would work with the City at a cost of putting piles in at \$1,500 - \$2,000 per pile which would be more cost effective than tens of thousands of dollars to dredge and close the marina down for the entire summer.

The Commission had some further discussion and decided Dr. Ortelli would send an email to Matthew Quiñones, Director of Operations, and Erin McKenna, Senior Planner, Land Use Bureau with a request for an update.

Sgt. Kevin Fitzgibbons, Stamford Police Department (on the phone), provided details on acquiring a jet ski for the Police Department; the purchase of a new patrol boat and mentioned the new residential building at 68 Seaview Avenue and the potential of developing near the water.

Mr. Steadman joined the meeting (on the phone) and stated he would share some videos from the Norwalk Police Department showing some flooding situations, specifically on Water Street, including emergency response operations.

d) Committee Reports:

Applications Review Committee (ARC): Commissioner Adelberg

CT DEEP LWRD License Application Pre-Submission Consultation Form, SHMC - (James J. Bajek, LLC) John M. Ciuffo, 76 Sea Beach Drive, Stamford, CT:

The applicant is proposing improvements to an existing and previously approved private dock for recreational boating.
