This is notification that there will be two changes to tonight's agenda brought forward at the meeting. Due to statutory public noticing requirements, the agenda cannot be amended less than 24 hours before a public meeting. Therefore, the City is sending out this notice to keep the public informed. The following two items will be *TABLED* at tonight's meeting for further discussion at a later date:

1. **Discussion of ZB Application #224-09:** This is a Zoning Text Change application regarding Accessory Dwelling Units. The Chair has determined a Public Hearing by the Planning Board is necessary for this application in addition to the Zoning Board's Public Hearing due to its Citywide scope and the need for additional public input. A Planning Board Public Hearing date has not yet been determined but will be properly noticed when a date has been set.
2. **Transportation, Traffic and Parking Bureau - Parking Study:** TTP is unable to attend due to a scheduling error. TTP will discuss implementation of the Parking Study when they come to present on Vision Zero at the May 21, 2024 meeting.
