

Please distribute to the board - And note that I would be happy to offer my support, and my personal time to work on any committee fundraising that is necessary.

We are here to help. We have 8 local Subways in the greater community - And my mother, Linda Jamshidian served on the board of Curtain Call. (They were raising hundreds of thousands of dollars with their Dancing with the Stars Fundraisers.

All the best.
Keyan Jamshidian

Please consider that our youth should have access to music and the arts.. The public school system is this access...

Music should not be a privilege that only exists for the wealthier households.

I appreciate you letting us discuss this with you... and understand the hard decisions of your board.

Best regards,

Keyan J...
