Re: EPB No. 2024-10  
26 Rising Rock Road

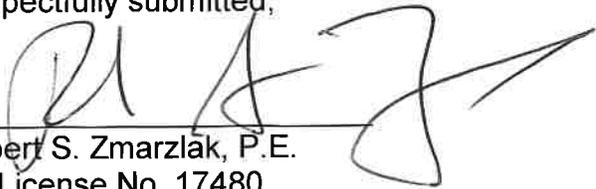

Dear Ms. Chapman,

This is our response to EPB Letter dated May 20, 2024. The Site Development Plan is revised to reflect the answers to EPB questions.

Specifically, the comments have been addressed as follows:

1. The detailed cost estimate is enclosed, and prepared by others.
2. Separate letter enclosed to address Certification.
3. Compensatory Storage is provided on site. Calculations on Site Plan for water displaced and stored.
4. The lowest floor is now the open porch with no enclosure, set below the B.F.E. See attached Architectural Plans and Elevations .
5. Flood vents not provided since the lowest floor is an open porch.
6. Flood vents not provided since the lowest floor is an open porch.
7. Numbers changed on application. See enclosed. Calculation of compensatory Storage provided on Site Plan.
8. The distance to wetland at closest point is 33.0 feet.
9. The tanks will be protected by a ring of orange fencing to stop vehicles from going over them.
10. Notification of submittal to health dept. will be provided.

Respectfully submitted,

  
Robert S. Zmarzłak, P.E.
