**Qualitative Analysis
1600 Summer Street
Text Change to Amend Appendix A Table I & Appendix B (Footnotes 4 and 13)
June 14, 2024**

1. Overview

Based on recommendations from the Downtown Special Services District (DSSD), we are submitting a Text Change in order to limit the intensity of certain C-G uses north of Downtown. This proposed change helps to keep higher intensity C-G uses centralized in and around the Downtown while allowing for the modernization and adaptive reuse of other properties in proximity to the Downtown, such as 1600 Summer Street.. This proposed Text is accompanying the pending Zone Map Change (224-08) relating to 1600 Summer Street.

The pending Zone Map Change to the C-G helps cure nearly all the existing nonconformities and provide much needed flexibility for the building's unknown future. It has the dual benefit of creating conformity while permitting a versatile and desirable mix of uses. The Text Change serves to limit the intensity of such uses outside of the Downtown. This type of flexibility is necessary if the Property is going to be successfully repositioned.

2. Text

The proposed changes, described more specifically herein, serve to limit the intensity of the C-G north of Downtown. Proposed changes include:

- a. Requiring Special Permit review for individual uses north of North Street that exceed 10,000sf of floor area (Art Gallery, Art or Antique Shop, Bed & Breakfast, Book Store, Camera Shop, Clothing Store, Confectionery Store, Custom Tailor, Dressmaker, Milliner, Dry Goods, Notions Store, Florist Shop, Gift Shop, Hotel, Hotel, Boutique, Hotel, Extended Stay, Inn, Jewelry Store, Retail and/or Repairs, Motel, Museum, Non Profit, Music Store, Newsstand, Variety Store, Pet Stores; Including Food & Accessories, Photographic Studio, Shoe Stores, Sporting Goods Store, Retail, Stationery Store, Tailor Shop, Textile Goods, Retail, and Theatre).¹
- b. Amending Appendix B, footnote 4 (which permits premium density) to apply only to properties south of North Street.
- c. Amending Appendix B, footnote 13 (which permits premium FAR & Height) to apply only to C-G properties south of North Street.

3. Conclusions

This Text is intended to limit the intensity of certain uses outside of the Downtown and has no anticipated negative impacts on Mobility, Housing, Schools and Community Facilities,

¹ This list of uses was provided by the DSSD.

Infrastructure, Public Safety, Parks and Open Space, Environmentally Sensitive Area, and Historic Resources.

The proposed change should have a positive impact on quality of life by limiting height, density, and certain large scale commercial uses in areas outside of the Downtown creating an appropriate transition to less intense surrounding neighborhoods, while enabling the thoughtful adaptive reuse or redevelopment of underperforming properties. See below comparison chart.

C-G Intensity Comparison

	Downtown	Text Change/ "North" Area	Difference
1. Max. Building Height	150'	100'	-33%
2. Max. Building Coverage	80-100%	80-90%	-10%
3. Max. Floor Area Ratio	2.2	1.8	-18%
4. Max. Density (DU/Acre)	197	115	-42%

Notes

1. Footnote 13 permits Premium Height of up to 150'. Text would limit areas north of North Street to base height.
2. Footnote 7 permits up to 100% coverage for Downtown sites. Base standard is 80% and 90% for corner lots.
3. Footnote 13 permits Premium FAR up to 2.2. Text would limit areas north of North Street to base FAR.
4. Footnote 4 permits 400sf of lot area per family + commercial floor area trade-in + BMR bonus. Text would limit areas north of North Street to base of 1,000 sf per family (trade-in and BMR premiums still apply but are reduced).

The proposed Text Change is consistent with the Master Plan objectives for Category 9 “Urban Mixed-Use” (which is the affected area of the proposed changes), which states in part “The purpose of this category is to encourage redevelopment and to provide an orderly transition from the more-intensive Downtown area (Category # 11) to adjoining neighborhoods; and to provide a mix of uses complementary to and supportive of the Downtown.:

In conjunction with the proposed Zone Change, the Text Change will advance many goals and objectives of the Master Plan, by providing a full array of uses including:

- a) **1.3B1** Amend zoning to allow for redevelopment of office parks outside Downtown for mixed-use
- b) **3E** Continue to pursue uses that promote vibrancy and economic vitality.
- c) **3B.1:** Concentrate regional office, retail and entertainment uses and high-density residential development Downtown.
- d) **5E.1:** Promote neighborhood revitalization.

⁵⁾ For properties located north of North Street and within the C-G District, Special Permit approval from the Zoning Board shall be required when said individual use exceeds 10,000 square feet of floor area.

2. AMEND Appendix B – Footnote 4 as follows:

4. Residential Buildings erected in the C-G General Commercial District, south of North Street, and used only for purposes permitted in R-MF Multiple Family Residence Districts may have a minimum of five hundred (500) square feet of land area per family. Mixed-use projects within the C-G or CC District, within Master Plan Category #11, (Downtown), as delineated on the Stamford Master Plan, and subject to Special Permit approval

by the Zoning Board pursuant to Section 7.S of these regulations shall have a minimum of 400 square feet of land area per family. Below Market Rate Housing shall be provided pursuant to Section 7.4. of these Regulations. Where proposed development includes ten (10) or more dwelling units, not less than ten percent (10%) of the total number of dwelling units shall be offered for rent or sale as Below Market Rate (BMR) units. Required Below Market Rate units shall be affordable to households earning not more than fifty percent (50%) of the Stamford SMSA Median income and shall be provided in accordance with the standards, definitions and procedures contained within Article III, Section 7.4 of these Regulations. For every BMR unit provided on-site, including BMR units provided voluntarily within developments containing fewer than ten (10) dwelling units, a bonus of two additional dwelling units exempt from any BMR requirement shall be permitted, provided that as-of-right density shall not be increased by more than twenty five (25%).

3. AMEND Appendix B – Footnote 13 as follows:

13 Standard Floor/Area maximum ratios as set forth below except that on any parcel containing at least 30,000 square feet in area (7.5 times the minimum allowable lot) or on any parcel located on a “Ground Floor Retail Street” as defined herein, and which is to be developed in accordance with premiums permitted by these regulations, Buildings shall not exceed the "premium floor/area ratio maximum" and "maximum premium height" shown below for the appropriate district. All other restrictions of the appropriate district pertaining to front yards, side yards, rear yards and uses must be complied with.
