

MOLD TASK FORCE

11/2/18 Notes

Westover

Tighe & Bond –Kevin McCarthy -- Hygienist

- Coordination with custodial/remediation staff would benefit from on-site project manager sooner than anticipated. Jeff Brown will be assigned starting 11/5/18
- Work plan finalized and approved for decontamination of desks, chairs, computers and smart boards
- Work plan draft for decontamination of hard surface items that were boxed up and moved from classrooms to cafeteria
- Sample testing lab results should start coming in and will be posted as we receive them

AAIS

- Decontamination area will be constructed in main lobby on 11/3/18
- Work plan implemented for gym – to prepare for Tuesday polling
- Preparation for 11/3/18 commencement of decontamination of desks, chairs, computers and smart boards
- Estimation of 3-4 work days of work – crew of 6 morning of 11/3/18

Duran Brothers Moving and Storage

- Site visit today for project overview
- Details and work plan developed to begin move 11/3/18

City/BOE Trades/Custodians

- Ceiling tile removal stopped temporarily
- Furniture, desks, computers, and promethium boards are continuing to be moved to the cafeteria and media rooms.
- Continuing to remove Promethium boards from the wall.
- Made calls for portable toilets for polling staff on Tuesday – C Grafstein

Follow-up Investigation of Potential Alternative School Sites for Westover

- Continued negotiations with potential landlords
- Multiple Site visits performed today by Chief Building Official, Fire Marshal and Health inspector.
- Additional site visits from Mold Task Force and Principal to determine viability of locations.

Work Plans for other Schools/Sites

- Tighe & Bond presented photos of possible mold sites at Newfield. Information will be updated on website and work plan draft week of 11/3/18
- KT Murphy - Tighe & Bond conducted visual initial inspections of classrooms – work plan draft week of 11/3/18
