STRAWBERRY HILL AVENUE & FIFTH STREET LANE WIDENING - PROJECT  
#CP9049 - TOTAL AMOUNT \$620,000.00:** Strawberry Hill Avenue and Fifth Street lane widening improvements are recommended for the intersection of Strawberry Hill Avenue and Fifth Street to accommodate the traffic generated by the proposed magnet school to improve traffic operations and safety. Since development of the original widening scope and further evaluation of the Strawberry Hill Avenue pavement section, the City's Traffic Department has found that flashing crosswalk beacons and geometric improvements to realign the southbound through lane will be required.
