Mr. Sullivan reported on a recent email he received from the City of Stamford, Office of Policy and Management Department. He reported that Pension Fund and OPEB contributions, which were previously in the General Fund, were now being dispersed to individual departments, going back four years. He reported that this will cause a double payment to each fund for the next three fiscal years. This caused an increase in our Expense budget of \$110,000.

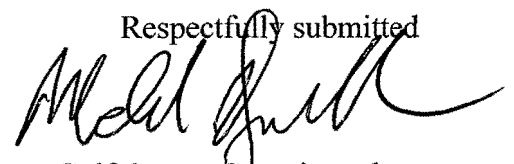

Mr. Tyska expressed concern regarding some of the Increases. He expressed concern that our Pension contribution is \$62,000, when our Salary account is \$360,000. He also expressed concern that our insurance payment has gone up 20%. He expressed a desire to meet with someone from the Administration Department, and/ the Director of Operations, to confirm the accuracy of these increases.

After a lengthy a lengthy discussion, Mr. Sullivan reported that he would meet with OPM staff to discuss these increases and to get further explanation. He would then report back to the commission to determine whether a meeting between the Commission and the Administration is needed.

Mr. Tyska reported he received notification from the Hubbard Height's Association regarding a proposed extension of Golf View Circle. This included a proposed development of four additional houses on this lot. Concerns to the golf course will involve drainage from this street and from the houses, as well as golf balls exiting the course in this area and the possible need to put up netting. Mr. Tyska reported, in the past, we were able to have language, placed into land documents, protecting trees along course property, as well as notifying them that they were on a golf course and golf balls are likely. Mr. Terenzio discussed the drainage on the street and how it was illegal for water to be diverted onto public land. Mr. Sullivan reported that he would try to meet with the land Use Department to discuss this Sub-division.

Motion made by Mr. Terenzio, 2nd by Mr. Lindstrom, to adjourn the meeting. Unanimous Meeting adjourned at 7:37 pm.

Respectfully submitted
